ABOUT DEADSTEM

DJ producer & guitarist based in Mexico. When creating DJ sets, Deadstem tries to tell a story by infusing each track with the creativity and energy that wants to project to the audience. Regarding original music, mixes roots in rock and blues with guitar arrangements on electronic songs. The concept of "Deadstem" pays homage to the tradition of sugar skulls, which symbolize the celebration of life and death by representing the universal truth that we all find in the end.

- **Pioneer Certified DJ** (Soundspace Academy, Mexico 2023)
- **MPW** (Music Production for Women, UK 2022) scholarship winner sponsored by Distrokid and Veva Collect.
- **Member of AEMPD** (Association of Electronic Music Producers, Brooklyn, New York 2023)
